FALL ENROLLMENT 1990

Public reporting burden for this collection of information is estimated to average 5.0 hours per response but may range from 30 minutes to 10.0 hours depending on whether the information is readily accessible to machine readable files. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, Information Management and Compliance Division, Washington, D.C. 20202-4651; and to the Office of Management and Budget, Paperwork Reduction Project 1850-0582, Washington, D.C. 20503. Please send completed survey forms to the address shown on the inside of this cover page.

COMPLETION INSTRUCTIONS:

Please read the instructions carefully before completing this survey form. Report data **ONLY** for the institution noted. If data for any other institutions or branch campuses are included in this report because they cannot be reported separately, please provide a list of all other schools included in this report. When complete, please mail your survey form to:

DUE DATE: November 15, 1990

The collection and reporting of racial/ethnic data on the Fall Enrollment survey is MANDATORY for all institutions which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Education (ED) regulations implementing Title VI of the Civil Rights Act of 1964 (34 CFR 100.13), or defined in any ED regulations implementing Title IX of the Education Amendments of 1972. The collection of racial/ethnic data in vocational programs is mandated by Section 421(a)(1) of the Carl D. Perkins Vocational Education Act.

For those institutions not required to submit racial/ethnic data on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

PURPOSE OF THE SURVEY

The National Center for Education Statistics (NCES) collects enrollment data through this component of IPEDS each year in order to update several annual publications including its college enrollment projections, the Digest of Education Statistics and the Condition of Education. IPEDS fall enrollment by age of student offers insight into the relationship between the changing demographics of college-going cohorts and enrollment in different types of postsecondary institutions. The residence data will provide States with data to analyze state level college attendance rates, student in-migration or out-migration, and the type of institutions that attract their citizens to other states. The survey is being conducted in compliance with the Center's mission "to collect and analyze and disseminate statistics and other data related to education in the United States." (20 U.S.C. 1221e-1, General Education Provisions Act, Section 406(b), amended.)

USES OF DATA

Fall enrollment traditionally is used to measure student access to postsecondary education and IPEDS will continue to provide this important statistical series. The Department also uses fall enrollment data in program planning and for setting funding allocation standard for legislatively controlled programs. Other Federal and State agencies use enrollment data in policymaking decisions, economic and financial planning, manpower forecasting, and policy formulation.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.
